The Bureau of Animal Health (CBAH) is one of 11 Bureaux belonging to the Information Services of C·A·B International, a not-for-profit, inter-governmental organisation which exists to provide information, scientific and development services for agriculture and allied disciplines throughout the world.

CBAH also prepares *Index Veterinarius; Animal Disease Occurrence; Review of Medical and Veterinary Mycology; Helminthological Abstracts, Series A, Animal and Human Helminthology; Review of Applied Entomology, Series B, Medical and Veterinary; Protozoological Abstracts;* and *Small Animal Abstracts.*

For further details of the whole range of C·A·B International publications and services see back cover.

Orders and enquiries concerning current subscriptions and back numbers should be sent to:

C·A·B INTERNATIONAL

C·A·B INTERNATIONAL (CABI), formerly the Commonwealth Agricultural Bureaux, is a cooperative not-for-profit organization owned, administered and financed by member governments. It was established in 1928, currently has 29 members, and has the status and privileges of an international organization in the UK. A new treaty-level constitution, giving CABI the status of an Inter-Governmental Organization, has received the necessary ratification by Member Countries and is now in the process of being registered with the U.N.

CABI's organizational structure comprises the Review Conference of member governments, which meets every five years; the Executive Council, with one representative from each member government, which meets four times per year; and the Directorate, including CABI Headquarters, its 4 Institutes and 11 Bureaux. The Director General is the chief executive, controlling the 410 staff, two thirds of whom are at managerial or professional level, through three Directors, for Information, Scientific and Administrative Services.

The organization exists to provide information, scientific and development services for agriculture and allied disciplines throughout the world.

INFORMATION SERVICES

The chief function of the Information Services is to provide ready access to published information on research in agriculture and allied disciplines, including rural development.

Over 100 scientists/linguists in CABI's eleven Bureaux, each one specialising in a particular subject area, scan the world literature, select the significant items, and prepare an informative abstract of each which is entered into the CAB ABSTRACTS bibliographic database. With some 2 million records in the database since 1973, and 3 million more in printed journals back to 1930, the total archive provides a unique encyclopaedic resource of unsurpassed reliability and quality.

The CAB ABSTRACTS database is publicly accessible online from major international online vendors. It is used to provide current awareness and retrospective information services in hard copy and machine-readable form. Chief among these are 46 printed abstract journals, which are taken by 10,000 subscribing organizations worldwide. New journals are started in response to changing users' needs or if sponsors guarantee the circulation. Users needing more specific information may select outputs that match their particular requirements, helped if necessary by CABI's subject experts; outputs are supplied as magnetic tape, computer printout, microfiche or floppy disk. The database is also available for testing on optical disk (CD-ROM), a new technology ideally suited to developing countries. To complete the service, photocopies of original articles are provided on request through the CABI Library Services.

Other functions of the Information Services include compilation of specialized databanks and directories, publication of primary journals, authoritative reviews and books, and training in information transfer for librarians, documentalists and information specialists.

SCIENTIFIC SERVICES

The Scientific Services of CABI are conducted by four Institutes, which provide an international service on pest identification and management. They deal with insect pests, fungal and bacterial agents, and human, animal and plant parasites and with all aspects and types of biological control of plant pests.

CAB International Institute of Entomology (CIE)

CIE provides an identification service for insects, mites and other arthropods, especially species that are of actual or potential importance as pests, parasitoids, predators and pollinators or are otherwise relevant to agriculture, forestry or related subjects. Contract research is also undertaken in these fields. The Institute's taxonomists work in the British Museum (Natural History) where they have access to the Museum's 23 million reference specimens of insects and mites, an incomparable aid to authoritative identifications and research on arthropod classification.

CAB International Mycological Institute (CMI)

CMI is the largest centre for systematic mycology in the world and provides a service for the identification of filamentous fungi and plant-pathogenic bacteria. It has about 300,000 dried reference specimens, a culture collection of more than 12,500 isolates, and extensive library, a Biodeterioration and Industrial Services Laboratory, a Biochemical Laboratory, and a Plant Pathology Liaison Unit. The Institute provides a wide range of consultancy and contract services for plant pathologists and industry. It incorporates the UK National Collection of Fungus Cultures and the Biodeterioration Centre.

CAB International Institute of Parasitology (CIP)

CIP provides an identification service for plant-parasitic and entomophilic nematodes, and helminth parasites of animals and man. The reference collections contain over 65,000 specimens, and an extensive specialist library is maintained. The Tropical Plant Nematology Advisory and Research Unit provides practical advice on plant-parasitic nematodes and their control worldwide, and the Institute also houses the WHO Filarial Reference Collection.

CAB International Institute of Biological Control (CIBC)

CIBC provides information and advice on biological control, undertakes research and implementation of programmes on biological control of major pests and weeds, and participates in integrated pest management programmes in association with other agencies. It has its headquarters in the UK but operates also from stations at Delémont, Switzerland; Rawalpindi, Pakistan; Nairobi, Kenya; and Curepe, Trinidad, West Indies.

All four Institutes carry out research, and offer a wide range of training activities from postgraduate studentships to special training courses both in the UK and abroad.

DEVELOPMENT SERVICES

The Development Services Group was established in 1986 to provide a sharper focus for CABI's consulting activities. It draws heavily on the unique scientific expertise and information resources available in the CABI Institutes and Bureaux, and its activities are backed by nearly sixty years of CABI involvement in science and world agriculture.

The Development Services offer practical advice and assistance on many pest-related or environmental problems in agriculture. Specific services include:

— project appraisal
— advice in a range of scientific disciplines
— research supervision
— research evaluation
— project implementation.

These services are offered in situations ranging from short-term individual consultancies to project components and major development projects. The current focus is on:

— integrated pest management programmes
— national crop protection services
— pest/disease identification and control
— crop-orientated pest and disease surveys.

One component of these activities that can be extended to any branch of agriculture or development is the provision of a comprehensive information service, involving expert review and analysis of all relevant literature.

ERRATA

(Lines are counted from the beginning of the bibliographic data in each item)

Volume 56 (1986)

Page	*Abstract*	*Line*	
95	809	11	For 'with' read 'without'

Volume 56 (1986)

Page	*Abstract*	*Line*	
1120	8779	18	For horned owls read long-eared owls

Volume 57

Page	*Abstract*	*Line*	
17	39	–	This abstract should have appeared in the section "Viruses of birds"
36	187	9	Insert 'were compared' between 'Delta ' and 'using'
60	387	–	This abstract should have appeared in the section "Neoplasms of dogs"
100	718	–	This abstract should have appeared in the section "Diseases of birds"
100	724	13	For 'affected 60 flocks' read '60 flocks with the encephalitic form'
112	823	5	For Ireland read UK
115	853	2	For diminiazene read diminazene
128	953	–	This abstract should have appeared in the section "Neoplasms of cattle"
131	980	10	For tocophenol read tocopherol
131	982	3	For Sing read Single
136	1027	4	Delete 'each'
136	1027	5	For *macracarpa* read *macrocarpa*
136	1029	7	For *Toxus* read *Taxus*
138	1048	2	For dises read doses
145	1106	12	For 'aged 2,5,' read 'aged 2.5,'
149	1144	2	For '1985 & 1985' read '1984 & 1985'
169	1165	1	For 'atophic' read 'atrophic'
211	1506	10	Insert 'water' after 'recycling'
211	1506	21–22	Insert '0.16' before 'parts'
226	1631	3	Insert 'in' between 'sodium' and 'pigs'
230	1664	11	For 'lambed' read 'were born'
230	1666	9	Insert 'were determined' after 'haloperidol'
238	1727	4	In place of *'Revenue Technique...'* read *'Revue Technologique des Industries de la Viande et des Denrees d'Origine Animale*
242	1758	–	This abstract should have appeared in the section "Books"
267	1801	21	For '544 liver' read '544. Liver'
274	1862	3	For *Veterinarnomeditski* read *Veterinarnomeditsinski*
275	1862	3	–– ditto ––
276	1878	3–5	For Bonnington read Bonington
276	1880	2	For *Veteinary* read *Veterinary*
279	1908	20	For *serjoe* read *sejroe*
280	1912	18	For 'animal killed' read 'surviving animals were killed'
288	1984	12	For 'consisted a' read 'consisted of'
288	1984	21	For 'composed a' read 'composed of'
291	2010	4	For *Veterinarnomeditski* read *Veterinarnomeditsinski*
291	2009	3	–– ditto ––
305	2134	13	For infection read efficacy
309	2160	2	For *Veterinarnomeditski* read *Veterinarnomeditsinski*
309	2158	29	For '*coli* each ' read '*coli.* Each'
309	2159	13	For live read liver
309	2159	14–15	Delete these lines up to 'muscle'
311	2179	13	For *Richettsia* read *Rickettsia*
319	2248	2	For Thermanni read T. hermanni
322	2269	9	Delete 'a higher'

Volume 57 continued

Page	*Abstract*	*Line*	
327	2306	8	For was read way
344	2449	11	For valuabe read valuable
344	2449	12	For these read those
347	2469	9	For *melitenis* read *melitensis*
348	2485	3	For *Akadmii* read *Akademii*
379	2729	–	This abstract should have appeared in the section "Arthropod parasites"
393	2849	11	After 'suspected septic and' insert 'confirmed'
394	2852	–	This abstract should have appeared in the section "Pharmacology"
395	2867	18	For 'higher' read 'higher than'
468	3419	1	For Meteoroligal read Meteorological
503	3711	19	For 'they influence' read the influences of'
512	3784	3	For *Immnology* read *Immunology*
512	3786	4	–– ditto ––
514	3797	3	–– ditto ––
514	3800	4	–– ditto ––
514	3801	3	–– ditto ––
515	3806	6	–– ditto ––
527	3907	3	For parencymal read parenchymal
553	4117	8	For 'of titres' read 'with titres'
557	4148	14–15	For *icterohaemorhagiae* read *icterohaemorrhagiae*
565	4223	7	For 'Two serologically sheep' read 'Two serologically negative sheep'
581	4356	10	For '25/kg' read '25 mg/kg'
584	4386	10	For 'with' read 'within'
641	4859	11	Insert kg after 0.5
694	5293	3	administration slaughter should read administration and slaughter
726	5559	9–11	Theses three lines should read: of both pheasants and chickens injected with 30, 300 or 3000 mouse intraperitoneal CD_{50} units of crude Clostridium botulinum C2 toxin. Necrosis of the epithelium and lamina propria
799	6181	–	This abstract should have appeared in the section 'Technique and apparatus'
804	6206	2	For 'meningocephalitis' read 'meningoencephalitis'
810	6252	17	For *'S. melagridis'* read *'S. meleagridis'*
812	6270	11	Delete 'were detected'
816	6306	6	For *'M. gallinarin'* read *'M. gallinarum'*
856	6620	–	This abstract should have appeared in the section Anaesthesia
857	6621	–	This abstract should have appeared in the section Anaesthesia
917	6963	3	For *Veterinay* read *Veterinary*
928	7051	2	For Sarcocytis read Sarcocystis
933	7095	6	For ixodical read ixodicidal
951	7238	–	This abstract should have appeared in the section Veterinary Services and Education
960	7313	3	For *Development* read *Developmental*

SUBJECT INDEX

Abattoirs
carcass contamination 3187
contamination, Campylobacter 1815
disinfection 1729
equipment, decontamination 599
handling, swine 1132
Streptococcus suis 4073
Abdomen
defects, repair 4685
mare, hernia 901
muscles, innervation 4645
Abdominal cavity, mare, abscess 7570
Abnormal behaviour
fowl, aggregation 718
horse
crib biting 7152
headshaking 7450
Abnormalities (*see also* Congenital abnormalities)
Abomasum
calf
pyloric ulcer 5877
umbilical hernia 6504
cattle
Cryptosporidium 6436
displacement 2152, 6503
displacement, blood chemistry 1465
goat, Ostertagia infection 4362
sheep
distension 2663
mast cells 3798
Abortion
cow
Babesia bovis 5032
bacteria 1812
bovine diarrhoea virus 5661
Campylobacter 21
Chlamydia psittaci 754, 3407
Coxiella 5604
Haemophilus somnus 5469
IBR IPV virus 1972, 6356
leptospirosis 2563
mycoses 7761
spirochaete infection 4860
Tritrichomonas foetus 7785
effect of infection 5214
ewe
Chlamydia 3410
Chlamydia psittaci 1284, 1922, 2583, 2586, 3407, 3413, 4881-4882
combined vaccines 436
Coxiella 5606
Czechoslovakia 2269
hypothyroidism 6515
leptospirosis 6299
pestivirus 4947
Spirillum 2473
toxoplasmosis 2753, 5783
goat
Chlamydia psittaci 1921-1923, 2584, 3413, 6320
India 6593
leptospirosis 6299
Listeria 5552
Toxoplasma 5552
under feeding 5230
mare
Canada 429
equine arteritis virus 167
India 2254
Leptospira biflexa 748
viral 774
sow
Canada 438
induced 1839, 3094
Mycoplasma 3397
porcine parvovirus 5691
Sarcocystis 4315
Yersinia enterocolitica 4777
Abscess
cattle, ear implant 4390
dog, ultrasonic diagnosis 2185
Abscess *cont.*
goat
Actinomyces pyogenes 1898
Corynebacterium pseudotuberculosis 4843
horse
radiography 6143
tooth diseases 7864
mare, abdomen 7570
sheep, Streptococcus mutans 1226
Acaricides
amitraz
Demodex 281
dog 1418
catalogue 3973
cattle
Ixodes ricinus 4333
Kenya 278
chlorpyrifos, Boophilus 275
fenvalerate, cattle 5809
flumethrin 7094
formic acid, Varroa 7085
naled, swine 5064
sheep 3576
flumethrin 2780
topical application 7334
Acarina
Raillietia auris, associated bacteria 7813
Trixacarus caviae 7818
Accessory sex glands, bull, vesicular gland 2382
Acetoacetates, cow, ketosis 6154
Acetylcholine, receptor gene, horse 5340
Acetylcholinesterase, semen 8108
Acetylsalicylic acid, horse, thromboxane inhibition 3049
Acholeplasma
buffalo, female genital diseases 6314
laidlawii, rabbit 6912
oculi, cattle 2570
Acid base equilibrium
blood, calculation 5342
calf, base metabolism 4625
cattle
acidosis 2962
blood specimen collection 6725
cattle blood, DFD meat 3935
cow 6720
parturition 5972
horse
anion gap 2956
diarrhoea 2958
newborn animals 3075
sheep, blood storage 6726
Acid phosphatase
Cyprinidae, macrophages 6644
oviduct, sow 3877
Acidosis
calf
fluid therapy 7227
newborn 4394
parturition 3882
cattle
compensation 2962
faecal pH 7228
kiwifruit 4535
metabolic profile 2231
cow
liver diseases 7166
puerperium 5196
sex hormones 4503
goat, experimental 2967
horse 2816
kidney diseases 3620-3621
lactates 2956
sheep 6068
Acinetobacter
calcoaceticus
cattle 1868
foal septicaemia 4380
Acinonyx, liver diseases 3668
Acremonium
chisosum 7022
Acremonium *cont.*
coenophialum 1035
Actinobacillus
restriction endonuclease 4758
seminis, sheep genital infection 46
suis, horse 6835
Actinobacillus equuli, swine 5489
Actinobacillus pleuropneumoniae
antigens 6224
heat treatment 1828
capsular polymer 6222
immune response 6223
capsular polysaccharide 47
cross immunity 45
culture media 1199, 4031
endotoxin 5487
haemolysin, species specificity 1198
immunization 44
immunogenicity 6822
inactivated vaccines 5488
lipopolysaccharides 5485
vaccines 5486
membrane proteins 7548
piglet, experimental infection 4030
serotype 12 4033
serotypes
immunological relationships 28
Netherlands 3298
serotyping, agglutination tests 6836
swine
clonal diversity 4759
experimental infection 4029
German Federal Republic 4779, 6205
inflammation 4032
Japan 1197
pathogenesis 1200
vaccines 1196
transmission 6824
Actinomyces, bovis, beef cattle 1252
Actinomyces pyogenes
bovine mastitis 6275
bovine strains, drug sensitivity 487
cattle
endometritis 432, 5968-5969
male genital diseases 988
Norway 3378
tooth diseases 2492
cow, female genital system 7975
goat, abscess 1898
identification 733
osteomyelitis 2837
sensitivity, antibiotics 109
swine
pyelonephritis 365
skin diseases 5888
Acupuncture
dog, arthritis 2346
electrical impulses, mastitis 6883
horse, back pain 6055, 6680
Adenohypophysis
goat, colloid 1702
ram, effects of castration and testosterone 4612
Adenosine triphosphate, erythrocytes, potassium types 3107
Adenosinetriphosphatase
calf
intestines 1104
organic tin compounds 8001
cattle 5346
oesophagus 5344
Adenoviridae
Balaena mysticetus 4966
buffalo, pneumonia 5652
ovine adenovirus 790
immune complexes 5677, 6635
USA 6377
Ursidae 212
Adipose tissue
cattle, omentum 6738
dog, neoplasms 6564
swine 8132

Adjuvants
aluminium hydroxide, porcine parvovirus 6384
conference proceedings 1148
DEAE-dextran 4866
dextran sulphate 4866
polymers 1591
Adrenal cortex
calf, function 3791
cat, function tests 7396
chick, bursectomy 6084
dog, function tests 7397
effect of helminthoses 4358
pigeon, function test 5393
swine, function test 1662
Adrenal cortex hormones
boar, LH release 4599
calf, neuroregulation 8094
cattle
lactation 549
neuroregulation 8097
effect on adrenal medulla 4608-4609
effect on lactation 4621
effect on milking 4620
etomidate 8074
fetus, sheep 1664
fowl, stress 609
goat, effect of endotoxin 1846
hen, husbandry methods 1089, 3163
sheep, effect of trenbolone 4567
Adrenal gland
cat, function test 4610
fowl, blood vessels 6120
goat, effect of castration 3098
poultry, innervation 598
Adrenal gland diseases
dog
Addison's disease 1486
Cushing's syndrome 1736
hyperfunction 2181
neoplasms 2214
Adrenal medulla, epinephrine output 4609
Adrenergic receptors
cat, ovary 3092
fowl, rectum 1673
Adverse effects
antibiotics, horse 1595
clenbuterol 7281
hamster, injectable anaesthetics 6693
horse, pethidine 2852
intravenous injections, endotoxin contamination 3056
iodine, uterus 5242
ketoconazole, dolphin 1556
milbemycin D 3611, 3769
sheep, vascular tracers 1691
xylazine, goat 6063
Aeromonas
anti-infective agents 4448
carp, nutritional factors 1186
conferences 4754
fish
experimental infection 3995
flumequine 1190
salmon, skin diseases 3280
Aeromonas salmonicida, pathogenicity 7529
Aeromonas hydrophila
adhesion 6817
ayu 1821
carp 1185
India 6202
drug resistance, tetracyclines 8045
haemolysin 1185, 3279
Aeromonas salmonicida
adhesion, cells 3281
agglutination tests 5432
anti-infective agents 6201
carp, agglutination tests 4018
carrier state 668
Cyprinidae 7528
diagnostic techniques 3278
drug resistance
oxolinic acid 5468
quinolines 6200
ELISA 1189
German Federal Republic 2477
goldfish, ulcer 1187
immunization 6820
immunological techniques 2479
laboratory diagnosis 2476
protein biosynthesis 4756
Aeromonas salmonicida *cont.*
trout
diagnostic techniques 1819
immunization 8037
mucus precipitin 1820
uptake by fish 2478
virulence, factors 4755
virulence factors 1188
Aerosols
vaccines, swine fever 5683

C·A·B INTERNATIONAL PUBLICATIONS AND SERVICES

GENERAL INFORMATION

C·A·B International (CABI, formerly the Commonwealth Agricultural Bureaux) is an international non-profit organization controlled by governments of member countries. Its main function is to provide a world-wide information service in agriculture, forestry and related areas of applied biology, sociology, economics, engineering and medicine. Two other scientific services are responsible for pest and disease identification, and the application of biological techniques to pest management, and a further new arm — the Development Services — formed in 1986, co-ordinates CABI's consultancy expertise. C·A·B International is best known for its abstract journals covering each of the main agricultural disciplines (for full list of titles see back cover). The wide range of other publications includes annotated bibliographies, reviews, authoritative books and reference works, and specialized aids to the management of pests and diseases.

Abstract Journals

The 47 abstract journals, which cover specific agricultural disciplines, specialist crops or products, or particular animals are all derived from the CABI production database. In 1988 input to the database will amount to approximately 140 000 records prepared from around 15 000 serials and many other scientific publications in virtually any language.

Annotated Bibliographies

Over 3000 annotated bibliographies on a wide variety of topics are available. Many are the result of requests and are in photocopy format with abstracts in chronological order but without indexes. Others, on particularly topical or popular subjects are typeset, the abstracts being classified and indexed; some are preceded by a review article. Annotated bibliography topics may be extended to current awareness profiles to ensure that the information base is kept up to date.

Online Searching

The CAB ABSTRACTS database is available for online searching at DIALOG (USA), BRS (USA), ESA/IRS (Italy), CAN/OLE (Canada), JICST (Japan) and DIMDI (FRG). CAB ABSTRACTS contains over 2 million records dating from 1972. Online retrieval is a highly cost-effective way of carrying out literature searches and provides users with a printout of records on their specific subjects. Search aids available include the comprehensive CAB ABSTRACTS Online Manual, the CAB Thesaurus and the CAB Serials Checklist.

Magnetic Tapes

The database is leased on magnetic tape on a calendar year basis by many organizations. The lease fee, payable in advance, includes usage to a pre-set limit; additional usage is charged for at the end of the year. Current tapes are delivered monthly, and retrospective tapes as required. Technical data and sample tapes are available.

SDI Service

SDI (Selective Dissemination of Information) is a regular current awareness service based on the most recent input to the database processed at the C·A·B International computer centre, i.e. 6-8 weeks in advance of publication in the abstract journals or availability through international online vendors. Subscribers decide their own search profile and receive search results at intervals of their own choice, e.g. monthly, quarterly, even weekly. The search printout contains full bibliographic details and an informative abstract for each record retrieved.

CAB Alerts

This new service is based on the SDI service described above. A number of standard profiles on topics of current interest is being offered.

Microfiche

The SDI service is available on COM (Computer Output on Microfiche). Specific topics can be used to generate either subject series, containing full bibliographic details and informative abstracts, or author series containing the bibliographic details. The cumulative COM service is provided quarterly.

Diskette

CABI appreciates that many of its information users are equipped with microcomputers. The SDI service has been extended to diskettes for the convenience of CABI customers. Diskettes, containing current input to the CABI production database, are issued weekly, monthly or quarterly.

CD-ROM

CABI has produced a CD-ROM prototype which has been on trial at over 40 key sites in 26 countries. User assessments, due June 1987, will be used to formulate CABI's future CD-ROM strategy. For further information please write to CABI's Marketing & Sales Division.

Document Delivery Service

The originals of most articles abstracted for the CAB ABSTRACTS database are available as photocopies. Order forms and copyright declarations are printed in each journal (or are available in bulk). Documents may also be ordered online via Dialog's DIALORDER or ESA's PRIMORDIAL.

Training

To help users get best value for money, C·A·B International provides user training and education. There is an annual course entitled 'Information on Agriculture' in Oxford, designed to give information officers and librarians, particularly from developing countries, a sound background in agricultural information practice. In addition, there are many one-day workshops in the USA, Europe and elsewhere, facilities for on-the-job training at the C·A·B International Centre, and tailor-made courses on data preparation for organizations supplying input for the database.

ORDERING INFORMATION

Journals

Subscriptions should be fully paid by 1 December for the volumes to be issued in the following year. Many journals are available at special rates to subscribers in member countries. A subscription provides entitlement to each part plus the annual index. Rates include packing and mailing by air to distant countries wherever the cost can be absorbed. Orders should be sent to the address below.
Back numbers, including microfiche editions, are available at discounted prices. Further details will be given on request.
